Rights of Way: No Service shall be finally approved until such time as easements and/or rights-of-way of access over the entire route of the utility extension have been received and accepted by the City. The Applicant hereby gives to the City of Blanding all required rights of way through applicants property to install all utilities being applied for. In addition applicant agrees to provide any other required easements prior to the installation of the utility being applied for.
(See Attached Example Easement)

Maintenance Service: The City will provide at its expense all necessary labor and materials for repairs and

maintenance of all service lines up to the established point of delivery as established by the City Council for each service. By signing below applicant understands that they will be responsible for maintenance beyond the point of delivery.

Estimates: It is understood that City estimates are only estimates and applicant agrees to pay for actual costs incurred as they are made available.

Agreement: The undersigned, hereby makes application to the City of Blanding for the furnishing, construction, and placing in operation City utility services and agrees to pay the City at the rates being charged by the City during the periods of such use and in accordance with City Ordinances and Policies. Applicant agrees to pay for all costs associated with the enforcement of this application and further agrees that the security deposit can be used for the same.
